

THE SHED

The Shed is right at the mountain bike trailhead up the hill from the car park and by the Steading, a short detour from the walking trails.

In the Cafe we use the best local produce. We source all our meat from local butchers who buy from local farms. Our food is cooked fresh and is filling - just what you need after being outside, whether you're on your bike or walking the forest trails. We have a wood burning stove too, so even on a 'driech' day you'll receive a warm welcome.
